SUMMARY

Front End Developer with 7 years of experience in the React ecosystem (TypeScript, Next.js, Redux). Sole developer of the frontend for a C2C web application (Local & Traveler) with map components (Leaflet & OpenStreetMap), creating everything from architecture to development and builder of analytics dashboards with data visualization (Chart.js, ApexCharts).
Experienced in developing localization mainly with react-i18next and building responsive interfaces with Tailwind CSS on top of GraphQL and REST APIs.

WORK EXPERIENCE

Co-founder, Bilemezsin **2016 - 2018**

- A Turkey based Start-up company with website and application
- Learned about startups, companies, investment, angel investors and the progress of starting a start-up
