SUMMARY

Front End Developer with 7 years of experience in the React ecosystem (TypeScript, Next.js, Redux). Sole developer of the frontend for a C2C web application (Local & Traveler) with map components (Leaflet & OpenStreetMap), creating everything from architecture to development and builder of analytics dashboards with data visualization (Chart.js, ApexCharts).

Experienced in developing localization mainly with react-i18next and building responsive interfaces with Tailwind CSS on top of GraphQL and REST APIs.

WORK EXPERIENCE

Co-founder, Bilemezsın

2016 – 2018
